

# VxJet 9x/18x

Integrated Valve Jet Printheads

# VxJet 9x/18x

Integrated Valve Jet Printheads

## Features and Benefits:

**Industrial Valve Printhead** design features 100% environmentally sealed aluminum housings and stainless steel faceplates for long lasting results in demanding environments.

**System Control & Ink Delivery Hub** design allows a single system to power and supply ink to multiple printheads on separate lines while maintaining system controls safely away from the production line.

**Autocode Message Creation** offers built-in code formats such as date codes, lot codes and batch codes to quickly develop messages for printing.

**Wide Ink Variety** including water and alcohol based formulations are available to print on almost any type of surface including corrugate, plastic, metal, wood, gypsum and PVC.

## System Specifications:

<b>Controller</b>	Marksman HHI Plus
<b>Connectivity</b>	1-Ethernet, 1-USB, 2-RS232
<b>Print Height</b>	5/18" to 7/8" (9x), 5/18" to 2" (18x)
<b>Lines of Print</b>	Up to 3 stacked lines (18x)
<b>Print Technology</b>	Drop on Demand, Solenoid, 1000hz
<b>Print Speed</b>	Up to 650 fpm
<b>Print Orientation</b>	360° for Top, Side and Bottom Printing
<b>Ink Type</b>	Porous or Non-Porous
<b>Throw Distance</b>	Up to 1/2"
<b>Operating Conditions</b>	Temperature: 40° - 104° F (5° - 40° C); Relative Humidity: 10% - 90% (non-condensing)
<b>Ink Delivery</b>	VxJet IDS Large Bulk Supply Supports Multiple Printheads
<b>Ink Supplies</b>	5 & 30 Gallon Pails
<b>Substrates</b>	Porous and Non-Porous
<b>Autocodes</b>	Time, Date, Use By, Julian, Count, Shifts, Variable Input, User Defined
